MEMBERS OF:

BUILDER'S CONCRETE CAN TURN VIRTUALLY ANY DRY BATCH PLANT INTO A HIGH PRODUCTION RCC OR SLIPFORM PAVING PLANT!

**TO LEARN MORE ABOUT RENTING THIS MIXER
CALL US AT (317) 570-6201!**

Our portable twin shaft mixer can convert virtually any dry batch concrete plant into a high-production RCC or slip form paving concrete plant. A twin shaft mixer is mounted over a loading belt which transfers mixed concrete directly into a dump truck. The entire unit is portable and can be set up in less than a day.

The mixer is capable of loading up to a 4" slump concrete and has the versatility to load into ready mix concrete trucks or dump trucks.
